**Würth Electronics Services India Ltd.**

**Sales Controlling / Customer Management  
Office in Bangalore, India**

**Your job**

You work in the area of sales controlling / customer management and you will be responsible for statistical reporting within the company. You work hand in hand with the sales management and realise international recurring processes and standards in our Indian company. Also supporting and preparing for sales conferences.

**Your professional  
background**

The base education should be a Bachelor degree in economics or something equivalent. First experiences in the area of Controlling would be an advantage, but not crucial. You should be used to working independently, reliable and highly motivated to become acquainted with a new field of responsibility; also the ability to work under pressure in a successful and cosmopolitan team are necessary. Very good English language skills are needed. Training and development opportunities are provided in all cases.

**Your opportunities**

You will take over a job with responsibility in a truly future-oriented industry. Due to our rapid growth we offer you the possibility to take over and expand your fields of responsibility shortly. Your efforts will also be rewarded with various opportunities of professional and personal development.

**Your application**

We look forward to receiving your application. Please indicate your earliest possible entry date and your wage expectations.
