Important information: Würth Elektronik's design kits contain reference components. These components correspond with the current product development status on the day of supply. Exchange of the reference components to components with up-to-date product development status is not carried out automatically. No liability is taken for the use of these reference components. Therefore, please request new samples prior to releases for series production and product release. For the Photo-Biological Hazard according to EN 62471:2008 please check the brochure in the Design Kit. If it is requested that the samples are packed according to MSL and ESD requirements, please contact our sales staff.
