Data Sheet Change:

Yes No

Attachment:

Yes No

DESCRIPTION AND PURPOSE OF CHANGE:

In order to meet current market demands, Würth Elektronik has added and updated information to the electrical specifications. Formatting throughout the document has been updated to increase readability.

The product has not been changed; this is a datasheet correction only. There will be no change in form, fit, quality or reliability of the product.

DETAIL OF CHANGE:

Würth Elektronik has added the maximum allowable output capacitance that can be used at the output of the power module.

Würth Elektronik has updated:

- The minimum and maximum storage temperature (page 4).
- The junction to ambient thermal resistance (page 4).
- The layout recommendation to improve readability and recommended practices (page 36).
- The solder handling instructions (no change to actual profile) (page 38).
- The package information (page 7).
- The evaluation board schematic to reflect the evaluation board (page 37).
- The cautions and warnings of the data sheet (page 44).
- The format of the data sheet to improve readability of the document.

RELIABILITY / QUALIFICATION SUMMARY:

There will be no change of the product, therefore no additional reliability or qualification testing will be performed.
