About Würth Elektronik Circuit Board Technology

Founded in 1971, Würth Elektronik Circuit Board Technology is today one of Europe's leading PCB manufacturers, with national and international sales teams, 1,000 employees, 4,000 customers and an annual turnover in the triple digit million range.

Production takes place both at German plants and with qualified partners in Asia. Whether basic or high-end technologies, customer-specific requirements are met from prototypes and samples to medium and large series. With the development of innovative product technologies, the company qualifies as a pioneer in the market.

Experts from the most diverse divisions provide intensive consultation and support, from the initial idea to the finished product and beyond. Würth Elektronik Circuit Board Technology sees itself as a reliable partner for both individual entrepreneurs and large corporations. The comprehensive portfolio is rounded off by an [online shop](#), where PCBs can be ordered around the clock.
