## No Impact regarding China Graphite Export Ban

On 20 October 2023, Ministry of Commerce and the General Administration of Customs of China announced that exports of following types of graphite would not be allowed without approval from 1 December 2023, in order to protect the country's security and interests.

1. High purity (purity >99.9%), high strength (flexural strength >30Mpa) and high density (density >1.73 g/cm<sup>3</sup>) synthetic graphite materials and products (refer to customs commodity number: 3801100030, 3801909010, 6815190020).
2. Natural flake graphite and its products (including spherical graphite, expanded graphite, etc.) (refer to Customs commodity number: 2504101000, 2504109100, 3801901000, 3801909010, 3824999940, 6815190020).

Würth Elektronik eiSos GmbH & Co. KG realized it could be a challenge for the supply of related products, and took immediate investigation. With the investigation result and to our current best knowledge, we would like to notify our customers before the effective date, who have concerns, that there is no impact on our products' supply.
