**The foundation of “Würth Elektronik CBT International GmbH” marks another milestone in the internationalisation and growth of Würth Elektronik Circuit Board Technology Group.**

Since its beginnings in 1971, internationalisation has been an important strategic aspect for Würth Elektronik. Over the past five decades, Würth Elektronik Circuit Board Technology has successfully built up three PCB plants in Germany as well as various cooperations with qualified partners in Asia.

As Europe's leading PCB manufacturer, Würth Elektronik continuously develops and optimises production processes and is also heavily involved in the research and development of pioneering technologies, manufacturing processes and materials.

The newly founded business division Würth Elektronik CBT International GmbH focuses on strengthen and grow the international market position particular in Europe.

This foundation is of great importance for Würth Elektronik Circuit Board Technology Group, as it allows to enlarge the local teams and thus set the customers even more in focus.

From 1st October, customers in Sweden will be served by the new company, but with the familiar contact persons.

#### ***About Würth Elektronik Circuit Board Technology***

*Founded in 1971, Würth Elektronik Circuit Board Technology is today Europe's leading PCB manufacturer, with national and international sales teams, 1,000 employees, 4,000 customers and an annual turnover in the triple digit million range.*
