

16<sup>th</sup> February 2026

## Statement regarding the Enlargement of the candidate list

Dear Sir or Madam,

On 4<sup>th</sup> February 2026, the candidate list of substances of very high concern has been extended from 251 to 253 substances. Therefore, to fulfill our obligation regarding Article 7(2), 33 (l) of the REACH Regulation (EC) No. 1907/2006, we are currently checking our products regarding the new substance.

For more information regarding the substances of the candidate list, please check the website of the European Chemical Agency:

<http://echa.europa.eu/candidate-list-table>

As soon as the analysis and verification is completed, a statement regarding this matter and the SVHC list will be published on our website, which would be roughly in the end of April 2026.

If you would like to obtain detailed information for specific part(s) we supplied to you, please contact us at e-mail:
