## Statement of Würth Elektronik iBE GmbH regarding the use of „conflict minerals“ in products referring to section 1502 of Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act)

The Dodd-Frank Act refers in particular to tin, tantalum, tungsten, columbite, gold and its derivatives mined in conflict areas such as the Democratic Republic of the Congo and neighboring countries. Furthermore and among others, it targets on the restriction and prohibition respectively of the trade of these substances mined out of the conflict areas.

Würth Elektronik iBE GmbH is fully aware of its social responsibility with regard environment, safety, health and human rights and understands that its business activities have impact on society and the environment.

To ensure a peaceful, fair and sustainable use of our global resources, Würth Elektronik iBE GmbH ensures the following and acknowledges:

Of above mentioned mineral, Würth Elektronik iBE GmbH solely use tin for their products. This raw material is exclusively sourced not from the conflict areas.

Best regards

Würth Elektronik iBE GmbH
