CERTIFICATE OF COMPLIANCE, Regulation (EC) No. 1907/2006

This certificate affirms that Würth Electronics Midcom fulfills its obligations under the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) regulation. Title IV, Article 33 of REACH, as interpreted by judgment of the Court of Justice of the European Union in Case D-106/14, requires Würth Electronics Midcom to inform its customers if articles it produces (as defined in Title I, Chapter 2, Article 3) contain any constituent articles that have more than 0.1% by weight of the constituent article any of the Substances of Very High Concern (SVHC) on the Candidate List, that are on the Authorisation List of Annex XIV, or that are on and subject to the Restricted Substances List of Annex XVII, maintained by the European Chemicals Agency (ECHA). Würth Electronics Midcom will provide, as a minimum, the name(s) of the substance(s), if present.

The Candidate List (209) dated 25 June 2020, the Authorisation List, and the Restricted Substances List are available for viewing at <https://www.echa.europa.eu/>.

For comprehensive REACH information, please see: <https://echa.europa.eu/regulations/reach/understanding-reach>.

SVHC communication, "REACH SVHC Part List Würth Electronics Midcom," and the current version of this certificate, "REACH Compliance Würth Electronics Midcom," are both available by navigating 'Category > Material Compliance' on page:

https://www.we-online.com/web/en/electronic_components/download_center_pbs/Download_Center_PBS.php.

Statuses of the lists will continue to be monitored and this certificate will be updated only after all articles are reviewed against list changes. Article reviews and analyses often require several months to complete following a list change; therefore, this certificate remains in effect until replaced and regardless of the date of lists' changes.

A handwritten signature in black ink that reads "John L. Hauber".

John Hauber
