Service

1 Catalog Passive Components

2 Product group Power Magnetics

3 Product family Dual Coil Power Inductors

4 Product series / Parametric search Product series

5 Please select product series

WE-EHP1 Energy Harvesting Coupled Inductor
I_{sat}: 1.5 A to 1.5 A
R_{DCR max}: 0.065 Ω to 0.24 Ω
R_{DCR max}: 48 Ω to 240 Ω

WE-OD SMD Shielded Coupled Inductor
R_{DCR max}: 0.015 Ω to 1.73 Ω
R_{DCR max}: 0.015 Ω to 1.73 Ω

WE-CFW1 Coupled Flatwire Inductor

Free Web Shop for R&D!

- 50.000 standard articles available on stock in Europe
- Free Samples for your testing and prototyping shipped within 24h
- Cross reference search
- Request for quotes
- Order samples

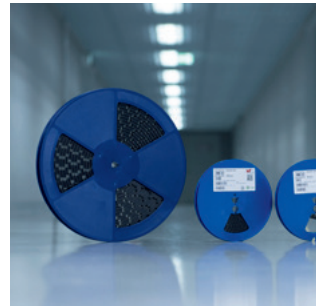

THE WORLD'S MOST ACCURATE AC LOSS MODEL

Save time in design!

- All products available from stock
- Accurate Simulation Tools and software like **REDEXPERT**
- Footprint for the most common CAD programs
- 3D files
- IC reference search
- Design kits with free refill
- Certified quality
- Free design seminars & webinars

Save money!

- Buy directly from the manufacturer. Offers are worldwide valid for you and your EMS
- Get control of your project cost with Volume Offers from the start
- Free Samples
- No MOQs
- ReReeling service for efficient prototypes / small volume production

Products

EMC Components

Power Magnetics

Quartz & Oscillators

Capacitors

Resistors

Signal & Communication

Optoelectronics

Power Modules

Wireless Connectivity & Sensors

Connectors

Switches

Assembly Technique

REDCUBE Terminals

**More than 50,000
product lines on stock.**

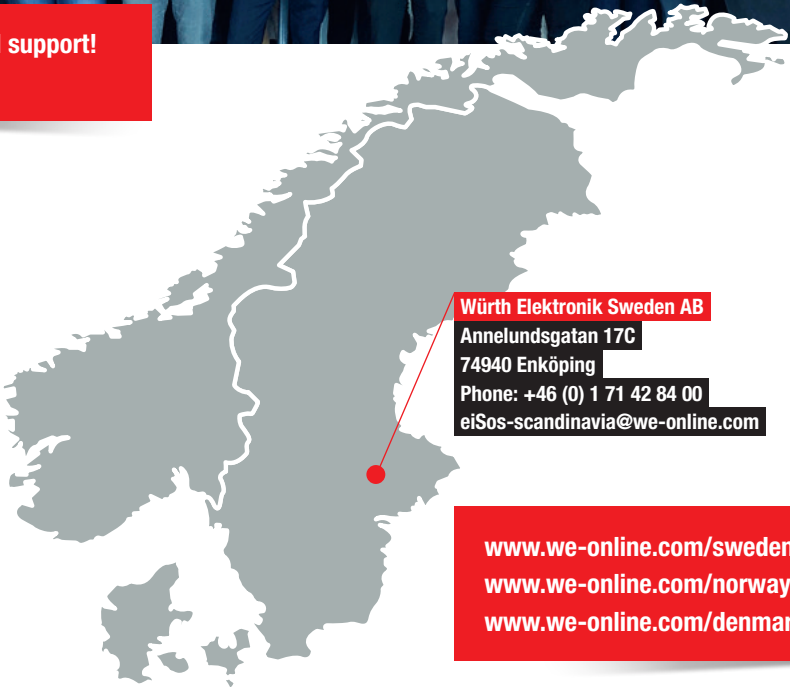

**Website, free design platform
REDEXPERT and iOS app.**

Our Scandinavian team is ready to support you!
