

Welcome on Board

The Würth Elektronik Group with more than 8300 employees in 50 countries manufactures and sells electronic and electromechanical components, circuit boards and intelligent power and control systems. The business unit Würth Elektronik eiSos with headquarters in Waldenburg, Germany, is specialized on electronic and electromechanical components and one of the most successful in the Würth Group.

Heading for: The future!

Creative thinker wanted.

Product Manager (m/f/d) in the field of inductive components

Barcelona (ES), Waldenburg (DE), Berlin (DE) or Munich (DE) | Ref.-No. 818

Your tasks on board

The first one to two years you will stay in our headquarter in Waldenburg for onboarding and training. After that you can change to one of the above mentioned locations and are responsible for the following tasks:

- Oversee the inductive components business together with our team
- Market research and develop marketing strategies in cooperation with our product marketing department
- Support our international production facilities, including process approvals and developments in order to ensure quality and quantities
- Technical customer support as well as conducting trainings and supporting our internal and field sales
- Expand the portfolio of inductive components by developing new products or by modifying existing ones

Your application

Daniel Josic looks forward to receiving your application. Please indicate your earliest possible entry date and your wage expectations.

► **Apply online (Ref.-No. 818)**
