Statement regarding California Proposition 65

Dear Sir or Madame,

Würth Elektronik iBE GmbH is aligning with the California Proposition 65 law. This law includes a list of more than 900 chemicals known to cause cancer or reproductive harm by significant exposure. Proposition 65 does not ban the use of chemicals in the list but requires product warning label that help Californians to make informed decision about chemical exposures from products they use. For general information, please check the OEHHA website <https://oehha.ca.gov/proposition-65>.

We perform several analyses and material tests to achieve our goals for product compliance. In an effort to adhere to the California Proposition 65 requirements, products sold to the US-market are attached with the following warning information on delivery note.

Warning: This product can expose you to chemicals including Nickel, which is known to the State of California to cause Cancer. For more information go to www.p65warnings.ca.gov

We have been aware of and contributing to information communication through supplier chain regarding California Proposition 65. If you would like to obtain detailed information for specific part(s) we supplied to you, please contact us at mail: IBE-DE-Thyrnau-Environmental-Requirements@we-online.de

Besides above, we keep monitoring the OEHHA website for update of the California Proposition 65 chemicals list and verify presence of any chemical in our products.

Best regards

Würth Elektronik iBE GmbH
